Certified Family Homes are designed to delay or prevent the need for people to enter an institution (such as nursing homes) for long-term care. Families who provide such care share their homes and families with adults who cannot – or choose not – to live alone because they need protection, security, supervision, encouragement toward independence and help with daily living activities. Contact 528-5750 for a current list of licensed facilities.

Madison CARES is a program designed to develop a mental health care system that works better for families and their loved ones. Having a child involved with multiple agencies can be frustrating. One of our goals, to help make things easier on the family and the child, is to help encourage communication throughout the different agencies. There are many parts to this program; all of which follow the guiding principles, which are that we remain: family driven, youth guided, child centered, and culturally competent.

Madison CARES is a program designed to develop a mental health care system that works better for families and their loved ones. Having a child involved with multiple agencies can be frustrating. One of our goals, to help make things easier on the family and the child, is to help encourage communication throughout the different agencies. There are many parts to this program; all of which follow the guiding principles, which are that we remain: family driven, youth guided, child centered, and culturally competent.
