To: All Temporary / Intermittent Food Service Vendors
From: Environmental Health Section/Food Program
Subject: Temporary or Intermittent Food Service License Application

A \$65 food license fee is required for all establishments handling potentially hazardous foods. Applications without the license fee will not be processed. Idaho Code §39-1604 states, "No person, firm or corporation shall operate a food establishment that handles potentially hazardous foods, for which no other state or federal food safety inspection or license is required, without a license approved by the director of the department of health and welfare or his designee."

No additional fee for events within the same calendar year and with the same menu will be required, however; declaration of events / locations must be declared and placed with license along with copy of menu.

When operating in another district than that which issued license, that district will require the vendor to show proof that he's paid a fee for that calendar year and is serving the same menu. Proof of local commissary (if required) may also be required.

An Intermittent food service establishment is one that operates at a single, specified location in conjunction with a recurring event. Examples of recurring event may be a: farmers' or community market or a holiday market.

NOTE: Fraternal, Benevolent and Nonprofit Charitable Organizations – see attached.

*** Please complete all questions on the application, attach a complete menu, a letter from your commissary, (which includes the commissary's name and license number, address, telephone number) - signed and dated by the owner, and submit with the \$65 license fee.

Applications must be submitted to this office for review no less than 2 weeks prior to the event if event has a coordinator, 1 week prior if no coordinator. An incomplete application may cause a delay and/or disapproval of your application. Applications received after the deadline will not be accepted and the applicant will not be allowed to operate.

If you have questions, please feel free to contact this office. Thank you.

4. List all equipment and describe facilities that will be used at the temporary / intermittent food establishment.
- All temporary / intermittent food establishments must have adequate cooking, holding, and refrigeration facilities to hold foods below 41 ° F or above 135°F. Mechanical refrigeration units must be pre-chilled to 41 ° F or less prior to being filled with food.
 - Food grade hoses are required for filling potable water tanks. Do not forget to clean and sanitize tanks prior to use.
 - Every temporary / intermittent unit must be constructed in a manner that protects the food from outside elements, such as wind, rain, dust, etc.
 - Single service articles shall be provided for use by the customers.
 - Ready to eat foods must be handled with gloves and/or proper utensils.

Include a sketch of the temporary / intermittent food establishment that shows placement of equipment, sinks, water tanks, refrigeration, counter tops and work areas.

5. How do you plan to wash your hands?

Every temporary / intermittent food establishment must have a hand washing facility. This must include a hand washing vessel (101°F), soap, and paper towels and a catch basin or retention tank. The vessel must have a spigot that can be turned on and stay on for washing hands. No push button

6. How will you dispose of your waste water and garbage?

All waste water and garbage must be disposed of at an approved site.

7. How do you plan to wash and sanitize equipment and utensils?

PLEASE NOTE: Incomplete applications will delay review or result in the application not being approved. Do not reference information provided on previous applications you made with the Eastern Idaho Public Health District. Thank you.

I have read and understand the above requirements and agree to comply with these requirements for my temporary / intermittent / intermittent event food establishment.
