

# CMH Subcommittee

May 20, 2016

10:30 am

Eastern Idaho Public Health, 1250 Hollipark Drive  
Idaho Falls, ID

---

<b>Attendees:</b>	Teriann Parker (phone)	Joan Radford	Geri Rackow
	Mimi Taylor	Crista Henderson	Randy Rodriguez
	Dave Peters	Janet Goodliffe	
	Trina Clark (phone)	Madi Orndorff	

---

## Minutes

---

**Agenda item:** Welcome & Roll Call **Presenter:** Teriann Parker

Meeting began at 10:33 am.

---

**Agenda item:** Approval of 4/15/2016 meeting minutes. **Presenter:** Teriann Parker

**Discussion:** Crista Henderson made a motion to approve the minutes. Minutes were approved.

---

**Agenda item:** Idaho Federation of Families **Presenter:** Teriann Parker

**Discussion:** Teriann met with Steve on Monday. Respite care money for the 24 hr care providers is completed. The grant finished April 1<sup>st</sup>. The only money currently is the state fund for children's mental health. The poster contest winner from region 7 came in second overall. He talked about how phenomenal Regional 7 did at the conference with Logan and Dr. Zuck. He wants to recommend Logan for a special state award/scholarship. Everyone in the group agreed unanimously.

---

**Agenda item:** CMH Awareness Day May 2016 **Presenter:** Teriann Parker

**Discussion:** Idaho Falls and Dubois went great. Driggs is this upcoming Wednesday. Dave said they are set up and ready to go. There are a few different speakers then the other roadshows. Randy will find out if Natalie is providing refreshments. Expected count is about 50 attendees. Geri will look at the issues with the flash drives. EIPH will send a computer for the presentation as backup. The Salmon Roadshow is after Driggs in June. Mimi will try and get fliers printed ASAP to send out with kids before school gets out. Dave has a provider who can help distribute them out within the community. Joan said she can help get those out/find the best way to get the fliers out to the public (email, mail, etc). Mimi will have it advertised in the paper and 'voice of the valley' radio show. The Salmon roadshow does fall during the RBHB meeting, so they will bring it up during the meeting today.

---

**Agenda item:** Blue Cross Grant Update **Presenter:** Teriann Parker

**Discussion:** Kendra joined us on the phone, she wanted an update of the roadshows. Dave touched on the two that have happened so far. He said the overall they went great. He would have liked to have seen higher attendance. Someone from the Blue Cross is going to attend the Salmon presentation in June. Logan also attended the EIPH staff meeting, and delivered his presentation. He has been asked to speak for other groups because of the roadshow (ripple affect). In Dubois the presentation was very well attended by various community members. They were very interested in continuing the conversation of CMH in the rural community. The community is looking for the next steps to take and having an area champion. From the first two roadshows they are working on getting the word out more to community members. The smaller communities are easier to reach without spending the whole budget. The board wanted to make some budget shifts from advertising to travel expenses. Kendra said she will email back an approval for those changes. As long as changes to the budget are within the same overarching category Kendra doesn't need to be notified (ie. taking the money from postage and using it on other marketing resources).

---

**Agenda item:** Respite Care

**Presenter:** Trina Clark

**Discussion:** There is a very limited respite care system in the area. With the Jeff D lawsuits, DHB received \$850,000 to extend respite care within the state. DHB wants to expand very quickly and get this underway. They have been working for the last 18 months to come up with a respite care model. It will be the guidance of what DBH is looking for. The goal is for families to be able to access it with minimal barriers. They would like to see the RBHB create systems of care for respite. RBHB needs to start brainstorming on those ideas and how to design a model for it. There have been some pilot programs that have successful models that we can look at. The deadline is not July 1<sup>st</sup>, 2016. The DBH is drafting a contract/expectations that they want from the RBHB. They would like to see crisis, planned, and short-term respite. Everything besides crisis respite is negotiable. Liability lies on the parents and agency providing the service. Teriann will have a group meeting June 1<sup>st</sup> at 9 am at EIPH to discuss the respite care process- Dave, Randy, and Geri said they wanted to attend. CMH has been requested to step up on this initiative and get the ball rolling.

---

### ***Other Information***

---

**Other Business:** None

**Adjourn:**

Meeting Adjourned at 11:30a.m.

**Next Meeting:**

July 15, 2016 at 10:30 am at Eastern Idaho Public Health (EIPH), 1250 Hollipark Drive, Idaho Falls.
